Dear Sir or Madam:

We need more information before we can complete our consideration of your application for exemption. Please provide the information requested on the enclosure by the response due date shown above. Your response must be signed by an authorized person or an officer whose name is listed on your application. Also, the information you submit should be accompanied by the following declaration:

Under penalties of perjury, I declare that I have examined this information, including accompanying documents, and, to the best of my knowledge and belief, the information contains all the relevant facts relating to the request for the information, and such facts are true, correct, and complete.

To facilitate processing of your application, **please attach a copy of this letter to your response.** This will enable us to quickly and accurately associate the additional documents with your case file.

If we do not hear from you within that time, we will assume you no longer want us to consider your application for exemption and will close your case. As a result, the Internal Revenue Service will treat you as a taxable entity. If we receive the information after the response due date, we may ask you to send us a new application.

In addition, if you do not respond to the information request by the due date, we will conclude that you have not taken all reasonable steps to complete your application for exemption. Under Code section 7428(b)(2), you must show that you have taken all the reasonable steps to obtain your exemption letter under IRS procedures in a timely manner and exhausted your administrative remedies before you can pursue a declaratory judgment. Accordingly, if you fail to timely provide the information we need to enable us to act on your application, you may lose your rights to a declaratory judgment under Code section 7428.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Additional Information Requested:

1. In order to meet the organizational test for exemption under section 501(c)(3), your organizational document, Articles of Incorporation, must be amended to include the following provision:

- a. Said organization is organized exclusively for charitable, religious, educational, and scientific purposes, including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under section 501(c)(3) of the Internal Revenue Code, or corresponding section of any future federal tax code.

PLEASE SUBMIT A COMPLETE COPY OF THIS AMENDMENT. SINCE YOU ARE INCORPORATED IN THE STATE OF TEXAS, THE COPY YOU SUBMIT TO US MUST SHOW THAT IT HAS BEEN PROPERLY FILED WITH YOUR APPROPRIATE STATE AGENCY. WE CANNOT ACCEPT A COPY STAMPED "RECEIVED".

2. Your board is narrow and related. This could lead to substantial private benefit or inurement, both of which are prohibited under 501(c)(3). In Better Business Bureau of Washington, D.C., Inc. v. United States, 326 U.S. 279 (1945), the Court held that the presence of a single non-exempt purpose, if substantial in nature, will destroy a claim for exemption regardless of the number or importance of truly exempt purposes.

To insure that your organization will serve public interests and not the personal or private interests of a few individuals, unrelated individuals selected from the community you will serve should control your Board of Directors. Members of the Board should be selected from the following categories; (1) community leaders, such as elected or appointed officials, members of the clergy, educators, civic leaders, or other such individuals representing a broad cross-section of the views and interests of your community, (2) individuals having special knowledge or expertise in your particular field or discipline in which your organization is operating, (3) public officials acting in their capacities as such, (4) individuals selected by public officials, and (5) individuals selected pursuant to your organizations governing instrument or bylaws by a broadly based membership.

Therefore, it is recommended that you modify your Board of Directors to place control in the hands of unrelated individuals selected from the community you will serve.

Please submit the names and qualifications of the new board members, as well as a statement signed by each that they will take an active part in your operation.

If you are unwilling to do so, please explain your position.

3. The activities narrative submitted with your application states, "KSP/True the Vote is a non-partisan initiative to recruit and train volunteers to work inside polling places for elections. True the Vote initiatives are the following:

KSP/True the Vote
27-2860095

- Mobilizing and training volunteers who are willing to work as election monitors.
- Aggressively pursuing fraud reports to ensure prosecution when appropriate.
- Providing a support system for volunteers that includes live and online training, quick reference guides, a call bank to phone in problem reports, information on videotaping at polling places, and security as necessary.
- Creating documentaries and instructional videos for use in recruiting and training.
- Raising awareness of the problem through strategic outreach efforts including advertising, social networking, media relations, and relational marketing.
- Voter registration programs and efforts to validate existing registration lists, including the use of pattern recognition software to detect problem areas."

Please answer the following questions regarding your activities:

- a. Provide a job description of an election monitor. Do they go to the polls on election day? If so, where are they located at the polls? What do they do?
 - b. How will the organization pursue fraud reports and ensure prosecution. Explain each step in detail. Who will do this?
 - c. Explain videotaping at a polling place. Who will do this? What purpose will it serve? Explain in detail.
 - d. How will the organization raise awareness through advertising, social networking, media relations and relational marketing? Provide examples and explain in detail.
 - e. Why is pattern recognition software needed to detect problem areas? What problem areas? Explain in detail.
 - f. Explain how voter registration fulfills an exempt purpose.
 - g. What percentage of the organization's time and resources is devoted to each of the listed activities? The percentage, when applied, should total 100.
 - h. Explain how each of your activities fulfill an exempt purpose.
4. Form 1023, Part V, page 4(enclosed) was answered with an N/A. Please check the boxes yes or no and return to us.
